

**More than 6.1 Million Jewish People live in the U.S.**

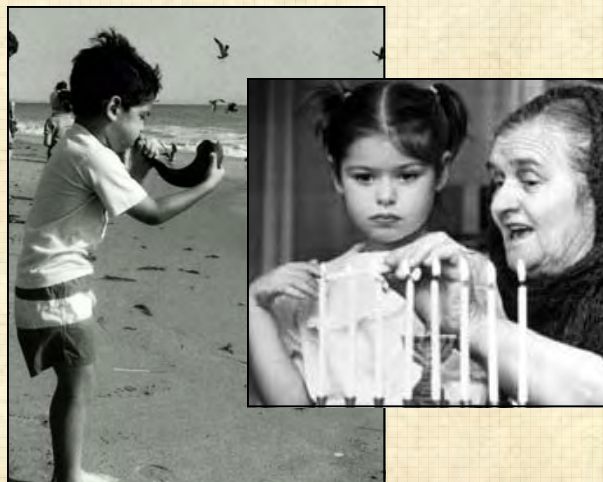

**59 out of 60 Jewish People are Gospel-Deprived**  
**We assume they have heard the Gospel... but no one has told them.**

**Statistics Show that most people who come to know Jesus... came because of a relationship with someone IN the church.**

## **israel's redemption**

**Our goal is to train, equip, and mobilize Spirit-filled believers to reach their Jewish friends, neighbors and co-workers...**

**...and to establish effective Jewish ministries *WITHIN LOCAL CHURCHES* throughout the nation.**

**...So that whether a community has a dozen Jewish people or a million, there will be a Gospel-Witness in place *trained to reach THEM.***

### **Our Strategy**

- ✧ Identify important Jewish American population centers and coordinate with pastors to develop very effectual local outreaches.
- ✧ Train Spirit-filled believers for successful Jewish evangelism through "All Israel Shall Be Saved" seminars which are content-rich and highly practical.
- ✧ Equip Spirit-filled believers for effectiveness by developing resources (web-based, print, audio/video, CD ROM) that are cutting edge and easily accessible to our churches.
- ✧ Mobilize Spirit-filled believers for practical Jewish evangelism by coordinating and leading front-line efforts in Jewish population centers.
- ✧ Enable local assemblies to develop Messianic-Jewish small groups, so that Jewish believers can maintain their cultural Jewish distinctiveness while continuing to be in close fellowship with their Gentile brothers and sisters in the faith.
- ✧ Train the coming generation of AG ministers for meaningful Jewish evangelism by teaching Jewish-related courses at AG Bible Schools and AGTS.
- ✧ Partner with Chi Alpha to reach the Jewish students on university campuses.
